Police investigating possible child abuse

By Brenda Bunting
Editor

A 1-year-old Belle Glade child who was rushed by Trauma Hawk to St. Mary's Hospital in a coma March 14 is in fair but stable condition today.

Police and the Department of Health and Rehabilitative Services are investigating the injuries of Tenesha Evans after rescue personnel received a call to go the home of Sheth Allen, 31, and Robin Diamond at 698 1/2 Southwest Fifth Street.

Mr. Allen, who shares the apartment of the mother, Ms. Diamond, was holding the unconscious baby when Belle Glade Police officers and fire rescue personnel arrived.

According to Allen, the toddler fell off a bed in the apartment. The baby was rushed to Glades General Hospital emergency room and stabilized before being flown by Trauma Hawk to St. Mary's Hospital where she was put on life support.

A criminal investigation is being conducted by the Belle Glade Police Department and the Department of Health and Rehabilitative Services.

Citizen input sought on developing the area

By Brenda Bunting
Editor

Belle Glade and South Bay are joining hands with West Palm Beach and Riviera Beach to apply for a Florida Department of Commerce Enterprise Zone designation.

It could mean $1 to $2 million for economic development if the areas are chosen as Florida Enterprise Zones, according to Ed Lowery, community development administrator for the City of Belle Glade. Getting the designation requires the cities to show need and plans for how they will use the funding.

The Florida Enterprise Zone Program was enacted to provide the necessary means to assist local communities, their residents, and the private sector in creating the proper economic and social environment to induce the investment of private resources in productive business enterprises located in severely distressed areas and to provide jobs for residents of such areas.

Citizen input is needed to determine what kind of new businesses residents would like to see come to the area and local banks and businesses will be asked how they can help to draw new businesses.

A meeting is planned for Monday night at 7:30 p.m. at Belle Glade City Hall.

"It's very important that we hear from the citizens," said Mr. Lowery. "We want to have the very best application going to Tallahassee."

The city is looking to develop the area known as the packing house district, near Osceola Center in Belle Glade and the area just north of town near the airport.

"This development will require state money and private investment," said Mr. Lowery, who added that the program is designated for areas with high poverty levels and unemployment.

The application is due in Tallahassee by May 5 and Belle Glade and South Bay city officials hope to know before the end of July if they have succeeded in being designated a Florida Enterprise Zone area.

"We hope this will be the first step to developing this area," said Sue Teets, assistant to the city manager. "A new industrial park would just do wonders for our local economy," she said.

The Belle Glade Rotary Club hosted five Swedish Group Study Exchange members last week and gave them a trip on Lake Okeechobee in an airboat. Shown, from left, are Stefan Lofgren, a firefighter from Sweden, Kerstin Lindberg, who teaches computer installation, Kristina Johnsson, a medical doctor specializing in anesthesia and intensive care, Gunnar Person, executive director and team leader, and Mats Johnson, a logistician. Accompanying them on the trip were Basil Markham, Sonny Stein and Gary Goggans.

Local Belle Glade woman found dead

Arrest history makes it possible to identify body

Tammy Jackson
Staff Reporter

The body of a 27-year-old Belle Glade woman was found in a wooded area on Duda Road near State Road 880 Sunday morning by farmworkers on their way to work.

According to Palm Beach County Detective Sergeant Pat Lynch, crime scene evidence shows the woman was killed at that location.

The body has been identified as Shirley Jean Lasester, and according to Sgt. Lynch, Lasester was identified by investigators because of her extremely protracted arrest history. She was identified Monday morning.

The sergeant said if it had not been for Lasester's extensive arrest fingerprints, the body would not have been identified as quickly as it was.

He said had it not been for arrest history, PBSO invesitgators would have had to wait until a missing person's report or even a tip had been received to possibly correctly identify the woman.

Sgt. Lynch said preliminary reports conclude that Lasester was killed by blunt trauma to the head. However, autopsy results from the medical examiner have not been received.

Sgt. Lynch also said it is not known exactly how long Lasester's body had been in the area.

Lasester's arrest record lists numerous charges ranging from community violation of probation, shoplifting, and robbery, to aggravated battery, prositution, and larceny.

Saturday is "I Love Pahokee Day"

Pahokee residents will celebrate "I Love Pahokee" Day this Saturday from 9 a.m. to 4 p.m. by cleaning up their town.

A major clean-up campaign has begun as a result of the recent "Charrette," according to Pahokee Chamber Executive Director Alice Thompson, and residents are urged to participate.

The Solid Waste Authority is providing garbage dumpsters at three sites in the city for the day: the city hall complex, the old high school and on South Lake Avenue at the old taxi stand.

Collection bags and gloves are available at the chamber, compliments of the Solid Waste Authority and numerous prizes from various businesses are being provided.

Free t-shirts are available to the first 100 participants, compliments of The Little Big Foot Boutique, and free sodas will be offered to participants compliments of R.C. Cola. Pahokee Mayor Ramon Horta will be distributing the drinks to the "trash busters," said Mrs. Thompson.

The Pahokee Beautification Committee is seeking volunteers to assist in this campaign and anyone who wishes to participate should contact the chamber at 924-5579.

Former fire chief dies of heart attack in Jennings

Jessie Womack

Funeral services were last Thursday for former Belle Glade Fire Chief Jesse Martin Womack who died of a heart attack at his home in Jennings, March 14. Mr. Womack was 44.

He was employed for 15 years by the Belle Glade Fire Department, starting as a firefighter in 1973, and promoted to fire chief in 1984. He retired in 1989 due to health problems.

In 1974, soon after joining the department, he helped organize and implement the Department's Emergency Medical Technician Services. While fire chief, he was instrumental in the acquisition of the department's first ladder truck and the organization of a Haz-Mat Team for Western Palm Beach County. He also served on the Palm Beach County Emergency Planning Committee.

While living in Belle Glade, Mr. Womack was an active member of the community and helped with many local civic projects. He was a member of the Belle Glade Lions Club, served as assistant scout master for Boy Scout Troop 622 for several years, and was a member of the Community United Methodist Church.

"Many a Black Gold Jubilee Parade was enlivened by the antics of Jesse and friends as the Keystone Cops and other characters," said his long-time friend Billy Schoenfeld of Belle Glade. "Jesse's witty sense of humor and zest for life will be missed by all who knew him," he said.

Mr. Womack moved to the Jennings area in 1990 and he attended First Baptist Church in Jasper. The Berrien County, Ga. native attended high school in Blountstown.

He is survived by his wife, Marsha; one son, Phillip; and a daughter, Andrea, all of Jennings; one brother, Howard Womack of Moultrie, Ga.; two sisters, Mittie Deas, Jennings, and Peggy Alderman of Orange Park.

Funeral services were at the First Baptist Church in Jasper with Rev. Troy Varnum and Rev. Jop King officiating. Interment was in Evergreen Cemetery in Jasper.

Belle Glade Firefighters and auxiliary firefighters acted as honorary pallbearers, including Billy Schoenfeld, Steve Rice and Frank Kimbro.

Broadway musicals appearing at Dolly Hand Cultural Arts Center

By Maria Wise Miller

Broadway is coming to Belle Glade. If Broadway musicals are your style, this is the week for you at the Dolly Hand Cultural Arts Center.

On Friday, March 24, at 7:30 p.m., the acclaimed musical For Colored Girls, comes to town.

This is an outstanding show produced by Quest Theatre Company and has received great reviews on the coast.

For Colored Girls is a spellbinder. Performed by young Black women, this show captures the inner feelings of Black women and goes on to achieve its own kind of universality. Although most of the musical numbers are solo, the girls are united in much the same way as the cast in "A Chorus Line". Sometimes they sing together and there are a few dance numbers as well.

The girls are united in sorrow, spirit, pride and soul. Critics have described this show as "a triumphant event . . . filled with humor. It is joyous and alive, affirmative in the face of despair and pure theatre at its very best."

This is the second of three shows presented this season in celebration of African American culture and heritage. For a "girls night out", for students, for community leaders, this will be a show you won't forget.

Tickets are $12 for adults and $5 for students. Call the Dolly Hand Cultural Arts Center at 992-6160.

Irresistible, inspirational, thrilling. When you describe the music of the Boys Choir of Harlem, words are often not enough.

This uniquely American choir, has delighted audiences world-wide with a repertoire embracing classical, gospel, and jazz highlighted by choregraphy and a great sense of showmanship.

Founded in 1968, The Boys Choir of Harlem provides hundreds of inner-city youths a welcome opportunity to realize their creative potential not only while they participate with the choir, but 98 percent finish high school and go on to college.

The touring ensemble of 35 features older, tenor and bass voices as well as treble. This permits choir members to participate through high school and is the basis of the choir's vocal power and musical versatility.

Under the direction of Dr. Walter J. Turnbull, the Boys Choir regularly tours North America, Europe and the Orient. The choir makes frequent appearances on all major TV networks and has released two of its own recordings as well as being featured in the soundtrack of the acclaimed motion picture Glory.

The Boys Choir of Harlem will appear at the Dolly Hand Cultural Arts Center on the Belle Glade Campus of Palm Beach Community College on Wednesday, April 12. Tickets are $20 and are available by calling 992-6160.

Our area averages less than twenty days of fog per year

By Mike Lyons

It was the most helpless feeling in the world. I was driving home on a clear, humid night when I encountered one of the thickest fog banks in memory. I couldn't see more than ten to twenty feet ahead of me. The road, which I use on a regular basis, appeared foreign and strange. I felt lost, helpless and totally confused.

Still, I stayed calm, driving my car slowly and steadily. Thankfully, the fog thinned out a short while later and I arrived home safe but more than a bit shaken.

Thank goodness my experiences with fog in this part of Florida are not frequent. According to the National Weather Service, our area averages less than 20 days of fog a year.

Heavy fog is more common in the northern portion of the state. Tallahassee, for example averages about 50 days a year. Key West, on the other hand, is the least foggiest location in the United States averaging one foggy day a year.

What is fog? As strange as it may sound, fog is simply a cloud on or very near the ground. Officially, that cloud must be thick enough to reduce visibility to less than 0.62 of a mile. Fog is referred to as heavy or dense when visibility is a quarter mile or less.

While one fog bank may look the same as another fog bank, there are actually five different types of fog. Each has a strange and unusual name and each forms in a different fashion.

The five types of fog are: advection, frontal, steam, upslope and radiation (I said these names are weird). Advection, up-slope and radiation fog form when the temperature falls to the saturation point. Steam and frontal fog develop when moisture helps the air reach the saturation point.

The most common types of fog in Florida are radiation and advection. Radiation fog, the most prevalent in our area, often forms on a clear night with high humidity and light winds. This fog tends to be patchy and not very deep but can, on occasion, become quite widespread. Radiation fog tends to dissipate shortly after sunrise.

Advection fog forms when warm, moist air flows over the cooler land. Advection fog is more common in northern Florida when a quick warm up follows a period of cool weather. This fog can be quite thick and last for several days.

If there is such a thing as a fog season in Florida it would be during the winter months. Our foggiest month is January, however, fog may also occur during the spring and fall. Nearly all of our fog develops at night or early in the morning. Thick fog during the day is quite rare in the state.

The foggiest place in the United States is the Libby Islands, just off of the coast of Maine. The islands average just over 75 days a year of dense fog. The Sequin Light Station, located just a few miles from the island, set the all-time record for fog in one year when fog was recorded on 113 days in 1907.

Thankfully, fog is just an occasional nuisance around here.

Mike Lyons is the weatherman for WPFB, Channel 25.

Health FIRST

Paula Swaford, R.N.

The longer I live, the more I realize the impact of ATTITUDE on life.

It is more important than the past, than education, than money, than circumstances, than failures, than successes, than what other people think or say or do.

It is more important than skill, giftedness, or appearance. All of us know individuals who are always negative...no matter what, nothing pleases them, they find little joy in their lives, and are generally pretty miserable. They frequently are in ill health and tend to take longer to "get over" situations and/or occurances. Could this be due to their attitude? I think so.

The remarkable thing is, we have a choice every day of our lives regarding the attitude we embrace for that day.

We cannot change our past. We cannot change the fact that people will act in a certain way. We cannot change the inevitable.

The one thing we CAN do is play on the only string we have, and that is our attitude.

It has been said that life is 10 percent what happens to you, and 90 percent how you react to it.

We are all in charge of our attitudes. Some of you have never been in charge of a positive one. Why not try it for size this week? When a situation arises that seems impossible or hopeless, or fruitless, try to work out a positive solution that will benefit all involved. Maybe then you'll be able to start an epidemic of good positive thoughts and feedback, and your overall attitude might take a turn for the better.

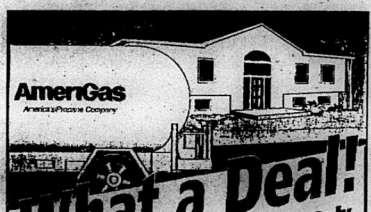

Until next time...stay informed and stay healthy.

Glades Day to have "Spring Fling"

Glades Day School will host its annual Spring Fling fund raiser this Saturday, March 25, at the school's main campus on N.E. Ave. L

The day will be filled with games, food, volleyball, basketball, football (punt/pass/kick), a "silent" auction and drawings, all to benefit the school's general fund.

Parents and students wanting to replenish their photo albums may want to be at the school by 10 a.m. The yearbook staff will be selling pictures for 50 cents each in Room 4 throughout the day.

Game booths include a basketball shoot, cake walk, goldfish toss (no, the goldfish aren't thrown), bean bag toss, cola pitch, jailhouse and shooting gallery. The popular "Treasure Chest," sponsored by the eighth grade, will also be back. Chances to open the chest may be bought for $1 each and participants may get lucky enough to win prizes ranging from cash and savings bonds to jewelry and gift certificates.

Gator bingo will be from 1 to 4 p.m. A "silent auction" will offer all kinds of cakes and pies going to the highest bidder. The ninth grade mothers are also sponsoring a "Sweet and Sour" shop to tempt those with a sweet tooth.

The ever popular Kiss the Pig contest, sponsored by the elementar school, will come to a close at 4:30 p.m. with the winners (?) planting a big smooch on a porker.

The day will come to a close with a drawing for a 1995 Sea Doo watercraft, complete with trailer. Only 500 tickets, priced at $50 each, are being sold. The last ticket drawn will be declared the winner. A few tickets are still available. Anyone interested in purchasing one may contact the high school office at 996-6769.

Gun enthusiasts interested in owning a Mossburg 12 gauge pump (2-barrel) shotgun donated by Seminole Supply may want to buy chances for drawings on the gun and also on a green and gold quilt donated by Log Cabin Quilts by Sister's Choice. Tickets are $1.

House Ag Committee to be in Belle Glade April 26-27

U.S. Rep. Mark Foley will be hosting two Congressional field hearings on the 1995 Farm Bill in the 16th District to give farmers and ranchers in Florida the opportunity to discuss federal farm policy. Cong. Foley will bring colleagues from the House Agriculture Committee in Washington to South Florida next month.

On April 26, the House Subcommittee on Livestock, Dairy and Poultry will hold a public hearing in Okeechobee. On the following day, April 27, the House Subcommittee on Risk Management and Specialty Crops will hold a hearing in Belle Glade.

"As we prepare to rewrite our national agriculture policy, it is critical that our lawmakers hear firsthand from those individuals and families who make a living providing Americans with a safe and abundant food supply," said Cong. Foley. "It is my goal to ensure that our policies are as farmer-friendly as possible."

"However, the bureaucrats in Washington definitely don't have the answers," he added. "That's why I want the people in the communities surrounding Lake Okeechobee to share with us their ideas on how to make farming and ranching more productive."

The existing farm law, set to expire this year, authorizes a vast array of programs, including such diverse elements as commodities, food stamps and international food aid.

The farm bill also includes legislative provisions on food safety, environmental and other regulations.

Club sponsoring trip to Rose Festival

The Belle Glade Garden Club is sponsoring a trip the The Rose Festival in Thomasville, Ga., April 27-29.

Transportation, hotel, reserved Rose Parade seats, entrance to the Rose Show and a plantation trip are all included in the cost.

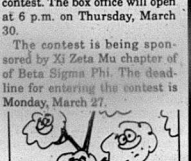

If interested in making the trip, call Betty Jean Meyer at 996-7182.

WHAT IS THE DIFFERENCE BETWEEN GINGIVITIS AND PERIODONTITIS?

Gingivitis is the swelling of the gums around the teeth caused by plaque (loose, sticky bacterias). The gums are often tender and bleed easily when brushing and flossing. Gingivitis is the first sign of gum disease. Most often young children and teenagers will get gingivitis by inadequate plaque removal, or improperly brushing their teeth. If gingivitis is left untreated, periodontitis may begin.

Gingivitis, left untreated, allows many layers of plaque to buildup on the tooth and under the gums. The plaque hardens and forms calculus which is covered with more plaque.

As the plaque and calculus continue to grow on the tooth, the plaques destroy bone that support the teeth under the gums. When there is bone loss due to plaque we call it Periodontal disease.

Why can't just a dental cleaning remove the plaque and calculus? Often to control periodontal disease, a series of deeper cleanings is needed to remove the calculus and plaque under the gums. A dental cleaning is supposed to remove plaque and calculus above the gums, but in periodontal disease, the problem is under the gums where you can't see it.

We can help you keep your teeth here at 'Dentistry of the Glades'

Feel strongly about local issues?

THE SUN INVITES YOU TO **SPEAK OUT!**

To voice your opinion on any subject, call Speak Out at 996-6636, 24 hours a day. Readers can use this special number to pose questions, voice complaints, express opinions or pat somebody on the back. Unlike letters to the editor, Speak Out is designed for anonymous expression of opinions. We edit calls for clarity, brevity, relevance and fairness.

What's the world coming to?

"I have a personal opinion that I'd like to tell you. As I watch the news and read newspapers, I become more and more concerned for the world we're living in. As a personal opinion, I have come to the conclusion that if we are to preserve the most fundamental right of every human being, "freedom" - freedom to come and go without fear, freedom to feel sanctuary in our homes, we must stop the pernicious characters who are causing this.

Unfortunately, the only way to stop these potential murders seems to be to threaten them with the same harsh judgement they mete out to their victims. No one wants to die, no one wants to lose their loved ones at the hands of others. I say, forget age, race, rights and family history. It may have played a part in it, but others should not have to pay such a high price because of it.

Deal with it. God gave us a brain. We need to start really thinking of the victims and their families. Forget the ones who committed the crimes. They've lost their rights to freedom."

Too many luxuries for prisoners

"This is in response to the caller who complained about prisoners sleeping on mattresses on the floor. Why are they in jail in the first place? What about the victims of their crimes?

The prisoners are provided with a roof over their heads, three meals a day, in air conditioned comfort. They have luxuries such as televisions, VCR's, exercise equipment and conjugal visits.

All of this, while their victims have been terrorized and their lives will never be the same. Free health care is provided for the prisoners who are in jail, if they need it, while we pay for it with our taxes, and then we have to pay for our own doctor's appointments.

Some people may be offended to know that a percentage of the prisoners are sleeping on mattress on the floor, but at least they're not out on the streets driving while they're under the influence of alcohol, or drugs, or selling drugs to our children, further jeopardizing our lives and our families.

How can we feel sorry for people just because of a lack of sleeping cots when they have repeatedly insisted on demonstrating disrespect for the law and authority?

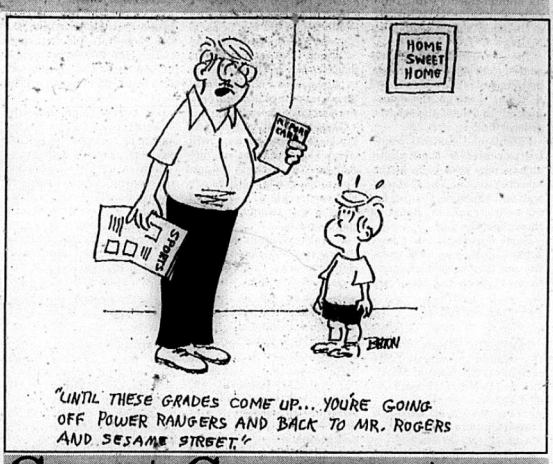

Thank you."

Clarification on light change

"Yes. About the traffic light on S.R. 715. I'm not a traffic offender. In my driving years, I have never received a ticket for anything.

It's not so much that the red light doesn't change, it's how many times it changes before the left hand signal changes. That's my concern. It's not the safety of anybody's welfare.

Thank you."

Guest Commentary

Local Girl Scouts are serving their community

By Rosanne Watson
Palm Glades Girl Scout Leader

It seems only appropriate that the world's largest organization for girls celebrates its birthday during the month of March, National Women's History Month.

This year will mark the organizations eighty-third year of helping develop young women into caring, competent, resourceful women. For all these years, Girl Scouting has been teaching girls to develop leadership skills, foster self-esteem, form strong friendships and strive to reach their fullest potential.

Glades area Girl Scouts are celebrating in some very special and caring ways. Debbie Allen's Brownie Girl Scout Troop 222 will participate in a program entitled Baby Basics. The girls collect necessities for needy babies, such as food, formula, toys and blankets. Then, during Girl Scout Week they will deliver these items to Building Blocks, in Belle Glade. The Girl Scouts get a chance to hold the babies, and if they find one special to them, are allowed to give their gift directly to that infant. Mary Bowen, the assistant troop leader, will attend and help the girls with collections as well.

Sharon Clark's Brownie Girl Scout Troop 944 will hold their meeting on Girl Scout Sunday in Pahokee. Six of the troop members will conduct a special ceremony, reciting their Promise, and taking a moment to reflect on the Girl Scout Law, and what it means to them. This troop will also begin collecting items for Baby Basics as one of their service projects to the community for this year.

In this, Girl Scouting's eighty-third year of working with and for girls of all ages and cultures, Glades area Girl Scouts look back with pride on Girl Scouting's impressive history - and forward to its very exciting future!

For more information on Girl Scouting in the Glades, or for information on how to become a leader, please contact Palm Glades Girl Scout Council at (800) 432-1453.

Ask Dr. Boltson

Dr. David Boltson is the associate director of the Western Palm Beach County Mental Health Clinic in Belle Glade, and is a licensed psychologist in private practice in Lake Worth.

Ask Jenny Jones

Adoring fans: Ms. Jones, we asked you to be here today because we wanted to give you our support in the wake of the terrible publicity after one of your talk show guests killed another guest.

Jenny Jones: Thank you very much, adoring fans. I appreciate the opportunity to speak to a sympathetic audience after being vilified by so many of my peers in the entertainment industry.

Adoring fans: We think it is just awful. We have often been entertained by the antics of your guests.

Jenny Jones: Thank you for that recognition.

Adoring fans: We know you have done many shows that have helped many people. We are sure that there must be hundreds of people who have benefitted from baring their dysfunctions on TV.

Jenny Jones: Well, I wouldn't quite put it that way.

Adoring fans: We are sure that a sympathetic nod from you, the hearty guffaws of the audience, and a 10 minute analysis by a media psychologist is enough to solve anyone's deep seated emotional problems.

Jenny Jones: Well, I'm not sure if that is true...

Not so adoring fans: Well if you're not sure, then why do you and your ilk always dredge up sad misfits for public display like freaks at a carnival side show?!

Jenny Jones: I don't appreciate your insinuations, or the tones of your voices!

Not so adoring fans: Well tough noogies sweetheart,

Letters to the Editor

Glades Central needs help with stadium extras

Dear Community:

Glades Central Community High School will soon be able to move into a completely new facility which is long past due. Our community, through numerous committees, has worked diligently to ensure that our students receive the best there is to offer. The entire structure is a "State of the Art" design and will be a "showcase" for the Glades. However, there is one very important portion of this facility that is incomplete, the stadium.

Funds are not provided for bleachers, press box, restrooms, concession stand, etc. for the stadium. We do have a beautiful 8-lane track and field with lights, already in place. The local community is expected to fund the rest. So once again we must come together to ensure that our present and future top-notch athletes have a first-class stadium in which to perform. We want to convey the message to our visitors that the "Best is truly in the West"!

Our committee has assumed the task of coordinating the fund raising so we can build a new 3,500 seat stadium with all the trimmings. We are seeking business and community donors, such as yourself, to contribute to our "New Stadium" fund. We have received some quotes on costs. To build the calibre of stadium our community deserves we must raise $400,000, plus. The Building Committee has informed us that if we want to kick-off the '95 season in a new stadium, construction *must* begin in April. As you can see, time is of the essence. With such a large goal ahead of us, financial assistance from people like yourself is greatly appreciated.

Thank you for your time and consideration on this important matter. Any support you can lend is appreciated by the entire community. Your contributions and/or inquires can be directed to "Glades Central New Stadium Fund", C/O Karen Schultz, Glades Central Community High School. All donations are tax deductible.

Sincerely,

Johnny Johnson
Fund raising Committee Chairperson

Youthful offender site means jobs for local citizens

Dear Community:

The Pahokee City Commission, ESMOR Correctional Services, Inc., and the State of Florida Privatization Commission are working together to build and operate a Youthful Offender Correctional Facility in Pahokee.

This facility will house 350 non-violent youth ranging from 13-15 years of age. This will be a secured facility and will have a very positive economic effect on Pahokee and the Glades area.

The structure being built in Pahokee will provide the opportunity for residents and the surrounding areas to do business with the facility.

You can imagine the opportunities that will become available in the process of clothing, feeding, caring and housing 350 individuals on a yearly basis.

The ESMOR Corporation will be seeking your assistance in the following areas: construction, including electricians, windows/doors, mechanical, laborers, finishers, masonry, concrete, fencing, carpentry, plumbers, equipment and landscapers; services such as food service, biohazardous waste disposal, medical services, pest control, staff training, fire safety system/fire extinguisher (testing and inspections), garbage collection, vending machines, barbering, chaplain service, and vehicle maintenance; commodities such as office supplies, staff uniforms, inmate clothing, linens and towels, hygiene supplies, office furniture and janitorial supplies.

The above products and or services will be obtained from Pahokee and Glades residents **first.** Outside providers will then be contacted.

ESMOR is required to contract a certain amount from certified minority businesses. If you are a certified minority business enterprise or would like to become certified, please contact the chamber immediately.

The certification process is lengthy and interested persons should begin as soon as possible.

The Miami Group, Inc. (a private Real Estate Development Firm) has agreed to assist participants in acquiring their state certification.

A Certified Minority Business Enterprise is categorized as one of the following: Hispanic American, African American, Asian American, Native American, American Woman.

If you have any questions or need additional information, please feel free to contact this office. The chamber is committed to this project and to our residents.

Yours truly,

James H. Brewer, chamber president
Alice Thompson, executive secretary

For more information, call Pastor Alvin E. Nichols at 996-7653. The church is located at 104 S.W. 16th Street, Belle Glade.

Dolly Hand Cultural Arts Center Advisory Board Chair Carlene Walker presents Chuck Shaw, former Glades Area School Board West Area Superintendent with a plaque during a luncheon held in his honor March 17. SUNPHOTO by Brenda Bunting

Chuck Shaw honored by DHCAC board

Charles E. "Chuck" Shaw, past Palm Beach County School's West Area Superintendent, was honored by the Dolly Hand Cultural Arts Center Advisory Board at a luncheon on Friday, March 17.

Mr. Shaw had worked closely with the Dolly Hand Theatre Board to enhance the programs offered at the center. Due to Mr. Shaw's efforts, the 1994-95 program expanded to include additional performances and school curriculum coordination, and a reduced ticket cost for all children.

Attendance by area school children increased by more than 50 percent due to the reduction in ticket prices for the youth.

The Missoula Children's Theater's January production of Alice in Wonderland, starring local children and the upcoming Boys Choir of Harlem performance for schools are both a result of Mr. Shaw's efforts, said Advisory Board Chair Carlene Walker.

On behalf of a grateful board, a certificate of recognition was presentedto Mr. Shaw by Mrs. Walker at the Drawbridge Cafe.

because we have a little surprise for you! We are not really adoring fans. We are the relatives and friends of people who were publicly humiliated on TV talk shows. We are the slandered mothers of resentful children, who were never given an opportunity to respond to the insinuations of our immature offspring. We are the boyfriends and girlfriends of losers who were dumped and can't see their own faults, so they publicly fabricate deficiencies in us!!! We are the children who have been embarrassed by overly enmeshed parents! We brought you here to let you know that we think your kind of show is stupid at best, and harmful at its worst! We resent the implied credibility you give to Nazis, adulterers, tyrants, bullies, wimps, and weirdos. By giving these people their 15 minutes of fame, you insinuate that what they have to say is worth hearing. We resent that insinuation. Grow up and take responsibility for the messages you air and the encounters that you orchestrate!

Jenny Jones: Well, I must say that I am really offended! I thought that I was going to be given the chance to emphasize the positive aspects of TV talk shows. Instead, it seems that I am to be publicly humiliated. This is terrible! I was here under false pretenses!

Not so adoring fans: AHA!!! Now you finally get the point.

Charles Corbin of Slim's Fish Camp presents Bessie Preston with a $100 check for her big catch in the Crappiethon tournament.

Local winter resident wins cash in Crappiethon fishing tournament

A 28.4 ounce fish was caught March 6 near Lake Harbor and the catch landed a winter visitor to Belle Glade a $100 check in the Johnson Reel's 1995 Crappiethon USA tournament.

The tournament is headed in the Belle Glade area by WOKC radion station in Okeechobee, and Slim's Fish Camp is the only local sponsor in Belle Glade for the eight-week tournament which got under way Jan. 21.

Bessie Preston of Kentucky have journeyed from Kentucky to Belle Glade the past eight years and she admits she only indulges in fishing when she is here for her winter stay. She said while she is home, she and her husband, Hayward, both who are retired, work on their farm and raise gardens.

According to Charles Corbin, owner of Slim's Fish Camp, Mrs. Preston's catch was the biggest fish caught in a one-week period.

Along with Mr. Corbin, his wife, Ann, and Mr. Corbin's brother, Gordon Corbin, also have an active role in the ownership of Slim's Fish Camp.

Remembrances

If you would like to share the memory of a friend or loved one whose obituary has appeared in the *The SUN* newspaper within the last two weeks, please send us your piece for possible publication in the Remembrance column that appears on this page.

Mail your special story about this person to Tammy Jackson, Staff Reporter, P.O. Box 2226, Belle Glade, FL. 33430.

A Remembrance article should give the community a glimpse of the person's life and through a particular anecdote or memory, share the qualities that made that person special.

Remembrance articles should be no longer than two typewritten pages and include the author's full name, address, relationship to the deceased, and a daytime telephone number.

Glades General and ERMC to perform diabetes testing

Diabetes threatens 40 percent of the population in Palm Beach County. It is the nation's fourth leading cause of death by disease and, at $105 billion is direct and indirect costs, one of its costliest. Left unacknowledged by South Florida's leaders, diabetes could overwhelm the health delivery system.

On the other hand, simple awareness of risks, symptoms and treatments allows diabetes to be managed early, aggressively snd successfully. The result can be no complications, fewer death and lower costs. Seven million of the 14 million Americans with diabetes are not diagnosed. Therefore, the race to find undetected diabetes is part of the mission of the American Diabetes Association. The American Diabetes Alert is cornerstone of this effort.

On Tuesday, March 28, the American Diabetes Association, along with the American Dietetic Association will mount a 50-hospital free blood glucose screening in an effort to find South Florida's undiagnosed diabetes. Glades General Hospital in Belle Glade and Everglades Regional Medical Center in Pahokee will perform simple tests done by a painless finger prick. Persons with elevated blood sugare readings will be referred for a possible diagnosis. Registered dietitians from the American Dietetic Association will provide nutritional information and guidance during the hours of the Alert. March is also National Nutrition Month and dietitians will be urging the community to "Eat Right, America."

Local church invite men to breakfast

This Sunday morning, March 26, at 8 a.m., the United Methodist Men of Canal Point invite the men of the community to breakfast. The "other" special guest for the breakfast will be Perry Yance and Joe Taylor. They will bring an understanding of what it means, in this day, to be a man who keeps his promises, not only to God, but in all areas of life.

Sonshine Trio to perform at Canal Point Church

Canal Point United Methodist Church invites the Glades community to come and worship Sunday evening, March 26, at 7 p.m.

This is a continuation of their Lenten Series, "This Is My Story". The Sonshine Trio, composed of area ladies Sandra Jarrield, Alice Thompson and Shirley Wagnon, will provide inspirational tunes for the service. The group will also share God's grace and love in their lives.

In Loving Memory of Marion Collins
March 17, 1994

Those we love remain with us for love itself lives on,
And precious memories never fade because a loved one is gone.
Those we love can never be more than a thought apart.
For as long as there are memories, they will live on in our hearts.

Sadly missed by your Wife, Kittie Collins; daughter, Lillian Shields and grandchildren, Twila, Edd Belden Family and grandchildren.

U.S. Sugar Corporation donates dollars to local organizations

U.S. Sugar Corporation, through its Charitable Trust, recently contributed over $16,000 to local organizations and educational programs. Representatives from the Palm Glades Girl Scout Council, along with the local Brownies and their leaders, accepted a check from U.S. Sugar recently.

Palm Glade Girl Scouts received a $1,500 donation. The funding will benefit area Girl Scouts in Pahokee, Belle Glade and South Bay in purchasing program materials, attend camps, and funding summer programs.

The money will also help in general administrative costs.

The Trust, which makes similar donations quarterly, also approved requests from the City of Clewiston and the Hendry County School Board (on behalf of Clewiston High School and Westside Elementary School).

According to Robert Coker, vice president for Community and Governmental Affairs, "These contributions help support the activities of local organizations which provide services and enrichment programs for our community."

In addition to the local contributions, U.S. Sugar also made donations to the Alpha Gamma Rho agricultural fraternity at the University of Florida, to help update the chapter's computer equipment, and to the Institute of Public Affairs/University of South Carolina, to fund a unique conference for area youth on violence and substance abuse to be held in West Palm Beach this summer.

The U.S. Sugar Charitable Trust was established in 1951 to provide capital funds for major community projects. Contributions are made for religious, charitable, educational, and general health and welfare purposes which benefit areas in which its employees live and work.

These contributions continue the 60-year-old philosophy of U.S. Sugar's founder, Charles Stewart Mott.

He said, "We are a part of the community and what's good for the community is good for us."

Inspection program collects nearly $14 million in taxes

A cooperative program between the Department of Agriculture and the Department of Revenue has yielded almost $14 million in tax collections by tracking down goods trucked into Florida without paying proper taxes.

The program began two years ago this month through a landmark agreement between the two agencies.

When a truck crosses into Florida and stops at one of 22 highway inspection stations, agriculture inspectors check the cargo and pass along the information to the Department of Revenue.

"I think this is a perfect example of agencies working together, of government working smarter," said Agriculture Commissioner Bob Crawford.

"By working hard to collect money due under existing tax laws, we can help the state fund essential public services without raising taxes," said Revenue Executive Director Larry Fuchs.

"And we're leveling the playing field for Florida merchants who contribute to their local economy by paying taxes and providing jobs."

The agriculture inspectors copy the trucker's bill of landing, which lists the items shipped, the buyers and the sellers.

Revenue officials then pick up the copies and review their records to see if the seller has registered with the state to collect sales tax.

If not, purchasers get a phone call or letter explaining that Florida law requires them to pay the state's 6 percent sales tax on the merchandise if they have not already done so.

Any tax paid to another state can be deducted from the amount owed Florida.

For example, if a Floridian ordered merchandise from Georgia and was charged Georgia's 4 percent sales tax, the buyer would owe Florida only 2 percent.

If the out-of-state seller didn't charge any tax, the full 6 percent must be paid. However, if the tax due is less than $1, the purchaser doesn't have to pay anything.

"The law helps Florida retailers stay competitive with out-of-state businesses," Mr. Fuchs said.

"If retailers in other states refuse to collect the tax, it gives them an unfair business advantage."

Rain doesn't dampen spirit of recent Afro Arts Festival

Tammy Jackson
Staff Reporter

Despite transient interruptions of 'liquid sunshine', numerous people braved the weather and attended the 15th Annual Festival of Afro Arts last Saturday. Sponsored by the Iota Omicron Zeta Chapter of Zeta Phi Beta Sorority Inc., the festival attracted people from Pahokee, South Bay, Clewiston and West Palm Beach, as well as the Belle Glade area.

According to festival chairperson, Helen Rutledge, "The crowd wasn't as big as in previous years but inspite of the weather, we (the sorority) were very impressed."

The Festival of Afro Arts came into being 15 years ago because members of the Zeta Phi Beta Sorority Inc. wanted to present and introduce to the community a form of unity. They also wanted to present African culture in a way that would be acceptable to all people. Therefore, it was than decided that the third Saturday in March would be a day set aside as an awareness tool for the community.

The day began with a parade which began its march at 10 a.m. The route took the 30-plus entrants down Avenue A to Third Street. From Third St. the parade headed west down Ave. E. before concluding at the Lake Shore Park. Leading the parade was Ethel T. Randolph, the parade grand marshall. Mrs. Randolph, administrator for the Palm Beach County School Board, was the first president of the Iota Omicron Zeta Chapter of Zeta Phi Beta Sorority Inc. Mr. and Miss Afro Arts, the court, and all of the contestants vying for those titles were at the rear of the parade. Everyone on the float was dressed in African attire.

At the conclusion of the parade, festival-goers headed to the park to learn of the achievements of Black people. They were entertained by dance groups, solo artists and singing groups from the area who in some form or another shared African-American culture with the crowd.

Belle Glade Commissioner Dan Bythwood read a proclamation signed by Belle Glade Mayor Steve Weeks proclaiming the day as Afro Arts Day.

A myriad amount of booths were set up throughout the park which festival goers were able to visit. A variety of foods were featured at the different booths ranging from Jamaican, American and soul for those who wished not to prepare meals at their home. The Glades Central Community High School Class of 1988 had a booth which featured conch fritters, a Caribbean speciality.

As the day progressed and the weather began to brighten, the sounds of children playing were heard througout the park.

Though the festival concluded around 7 p.m., many members of the public went to the Lake Shore Middle School Gym where the Afro Arts Basketball Tournament was being held. According to festival chairperson Sheila Johnson, Anthony Cannon was the contact coordinator for the tournament. Teams participated in the tournament were from as far north as Orlando and as far south as Fort Lauderdale. Local teams also showed their athletic abilities as well. First place went to P-Funk of Belle Glade, while the Orlando team won second place. Third place went to another P-Funk team of Belle Glade.

Proceeds from the basketball tournament and an Afro Arts Dance will benefit the LSMS students' Europe trip in June.

Proceeds from the festival will benefit the Zeta Phi Beta Scholarship Fund.

A Mr. and Miss Afro Arts Pageant was held Wednesday evening, March 15, in the gymnasium. Girls and boys ages 5 to 18 were invited to enter the pageant and demonstrate their special talents. The pageant was held in memory of the late Jacqueline Lane, the 1994 Miss Afro Arts.

Each contestant was introduced to the audience and the judges and biographies of the contestant's were read by sorority member Mary Evans. The readings enabled the audience and the members of the judging panel to learn the paths of life the young people wished to travel. Some expressed an interest in public speaking, becoming a doctor, lawyer, and an actress among others.

The contestants performed a song/dance for the audience and judges looked on in hopes of learning about the contestant's personalities and composures.

Each contestant performed individually in the talent competition. Songs were sung, dance routines were performed, and skits were presented.

Judges were also able to hear from each contestant as they were asked to respond to questions that were asked of them. This tactic was used as a tool which enabled the judges to hear the contestant's view points on different subects.

At the conclusion of the pageant, the winners in each category were announced. The winnners were:

Miss Afro Arts - June Lampkin, a student at Glade View Elem.;

Jr. Miss Afro Arts - Larisha Carswell, a student at Glade View Elementary;

Little Miss Afro Arts - Erica Knight, a student at Glade View Elem.; and,

Mr. Afro Arts - PhilDeveien Lane, a student at Lake Shore Middle School.

Sights and faces of the 1995 Afro Arts Festival

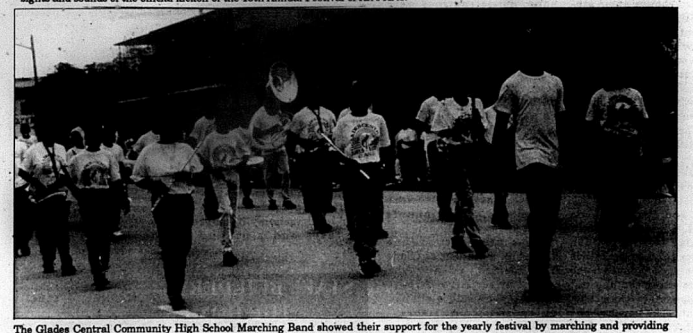

Preferring not to miss the sights and sounds of the Afro Arts Parade Saturday morning, Zoresyne Johnson and Josette Bell found it necessary to bring their breakfast roadside as they were on hand to catch the sights and sounds of the official kickoff of the 15th Annual Festival of Afro Arts.

Mass amounts of people participated in the Afro Arts parade. While some of them rode floats, a vast majority of them participated by simply walking the parade route. Children from Palm Beach Head Start programs also participated in the parade.

Photos by Tammy Jackson

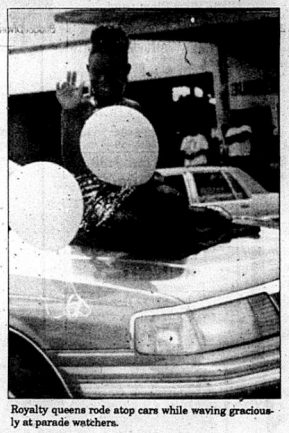

The Glades Central Community High School Marching Band showed their support for the yearly festival by marching and providing the tunes that were heard throughout the parade. The Lake Shore Middle School Band also participated in the parade.

Daisy Butts flaunts her African attire at the Mr. and Miss Afro Arts Pageant held last Wednesday night at Lake Shore Middle School. Though Mrs. Butts isn't a member of the Zeta Phi Beta Sorority, she always gives assistance to the pageant contestants. The members of the sorority gave her a plaque for her dedicated service.

Parade goers lined the streets of Avenue E Saturday and some of them even involved themselves in the excitement.

Royalty queens rode atop cars while waving graciously at parade watchers.
